## ***A Message from the Thurston County Assessor -- Patricia Costello***

---

This annual report offers statistics on the 2001 assessed values for taxes to be collected in 2002. This information can also be found on our website at [www.co.thurston.wa.us/assessor](http://www.co.thurston.wa.us/assessor). Visit us on the Internet to learn more about Assessor programs or research data on parcels located in Thurston County. Citizens can use the Assessor's Parcel Look Up System (A+) to search for parcel ownership, physical description, tax code area, use code, revaluation year and valuation of land and buildings. If you don't have a computer, drop by our office and visit one of our self-help stations or log on at your local library.

With the implementation of Initiative 747 this year, new levy limits apply to taxing districts. By law appraisers must assess real and personal properties at market value as of January 1, 2002 for taxes that will be collected in 2003. Before I-747, taxing districts could increase the regular levy portion of their budgets by six percent. Now the limit for increases to the property tax portion of regular levies is one percent. I-747 does not affect special levies that are approved by voters, such as School District and Fire District Maintenance and Operations and Bonds.

We strive to be fair and equitable in our appraisals. In 2000, we sent out more than 65,000 value change notices that represented a 6.8 percent increase in the county's aggregate taxable value. The \$830.2 million increase in taxable value includes \$313.8 million attributable to new construction and \$516.4 million due to revaluation.

Our computer system tracks 111,891 parcels and nearly 9,000 accounts within various exemptions programs. My staff also administer the Open Space programs for agricultural and timber lands and assist qualified senior citizens, disabled persons, and owners with damaged or destroyed properties in applying for tax reductions. We keep detailed maps showing all the parcels in the county. Each time a parcel is sold or divided, or when a new plat is filed, we record the transaction.

We are proud to serve you. I was pleased to meet with community groups and individual property owners during the past year. Please call us between 8 AM and 5 PM at (360) 786-5410 if you have questions about property valuations or if you would like one of us to meet with you.

## Assessed Values, Levy Rates, and Taxes

### Levy Rates and Administration

- Based on budgets submitted by taxing districts, property taxes are levied and collected by the county. The Assessor values the property for tax purposes and calculates and certifies the levy rates within the legal limits of the levy.
- Property tax rates consist of annual levy rates applied to the assessed value of all taxable real and personal property unless specifically exempted.
- Property tax levy rates are expressed in terms of dollars per one thousand of assessed value.
- A taxing district's rate must be applied uniformly throughout the district boundaries.
- The Assessor compiles an annual assessment roll that shows the assessed value of all taxable property and a tax roll indicating the amount of levies due from each owner. Adjustments are made for property owners who qualify for exemptions.
- The Treasurer sends annual tax statements in mid-February and collects taxes due. The first half is due by April 30 and the remainder by October 31.
- The Treasurer receives payment of taxes and distributes funds to the taxing districts. Regular levies are used for maintenance and operations while proceeds from special levies are typically levied to repay bond principal and interest.

**CONSOLIDATED TAX CODE AREAS & RATES  
FOR TAX YEAR 2002**

"TCA's" (Tax Code Areas) designate a unique set of taxing districts. They appear on tax statements. The first two columns list the Tax Code Area and regular, excess and total levy rates within that TCA. The columns to the right list levy types, taxing districts and levy rates. All rates are expressed in dollars per thousand dollars of assessed value.
