

## Legislative District No. 22, State Representative, Position No. 1, continued

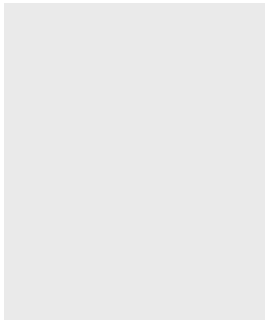

*Republican*

### **Ann Burgman**

Ann Burgman's 11 years of service on the Lacey City Council demonstrates leadership and electability in the 22nd District. Air is cleaner because of her representation on the Olympic Region Clean Air Agency. Ann worked to improve the local business climate, serving on the Economic Development Council. An elected official, Ann works well with leaders throughout our community, she's a voice of sensibility on behalf of taxpayers. Ann has targeted health care insurance reform and tort reform, noting doctors are leaving the state to practice. Electing Ann shakes up the leadership that has allowed the emergence of these problems. She supports pay raises for dedicated state employees and those under public pension systems. Ann listens to all voices and offers sensible solutions to important problems. In this Primary Election, please select a Republican ballot to ensure strong, proven elected leadership in the 22nd District. Thanks for your vote. *Republican*

### **Bob Benze**

Bob Benze is an experienced, proven leader with a vision for Washington's future -- part of the local community for 33 years. As a manager in the Navy nuclear program, Bob developed and led major technical programs. He initiated state-of-the science marine environmental protection programs for the Navy and will bring needed expertise to the Hood Canal low-oxygen problem. Bob is sincerely concerned about the growing disconnect between people and their government. Most people oppose new taxes and want their property rights protected. They want health care costs controlled and support capping unreasonable malpractice awards. Our business community cries for relief from oppressive regulations and taxation. Yet, for two decades, our legislature has headed in the opposite direction. When elected, Bob will aggressively work on these issues. Bob cares for people and will work for a safe, quality environment for our families. He is clearly the best choice.
