

City of Yelm - City Council, Position No. 1

I arrived in Yelm in 1938 with my parents. My father was depot agent for Northern Pacific and Great Northern railroads. I graduated from Yelm High School with the class of 1943, enlisted in the Navy and following radio school, served in the South Pacific. Following discharge, upon returning home I married my childhood sweetheart, Charlotte Fristoe. Our four children – Ronald, Mark, Janice and Maureen all graduated from YHS and have presented us with 10 grandchildren to

brighten our 62 years of marriage. Upon entering St. Martin's College (now University) I was recalled to the Navy during the Korean fracas and served a year in Japan. I finally graduated in 1955 with a degree in journalism and became editor and publisher of the Nisqually Valley News where I remained until retirement 42 years later. The past 15 years I have served on the Yelm city council.

SCHOOL DISTRICTS - Thurston County is divided into nine separate school districts, each governed by a five-member board. The board's responsibilities include: budget, policy development, curriculum approval, planning, and communications. School board directors delegate authority for day-to-day functions to professional staff; however, they may never delegate ultimate responsibility. Board members are elected in a nonpartisan General Election by voters within that school district. They receive no salary. A board may approve a per diem compensation for its members for attending board meetings. In most districts, candidates must reside in the subdistrict for which they are seeking office. All candidates are elected by the voters of the entire school district.

Griffin School District No. 324 - School Board Director, Position No. 1

I enjoy serving the students, faculty, staff, and voters of Griffin School, and look forward to another term. We chose to live here so that our children could attend this excellent school and I joined the board to help maintain that excellence.

Progress includes development of the Griffin fields on 41st Avenue, improving student safety, and refinancing district debt to the advantage of taxpayers. We have great teachers and administrators, and a new facility. These are tough times for schools and we have budget

challenges ahead. We must address financial issues related to the Capital High remodel and Capital High technology (Olympia Schools bills Griffin for a share of the improvements from our operating budget), transportation (to replace some of our buses), and special education. I am committed to solving these issues to the benefit of our students and district residents.

Thank you for the opportunity.

Griffin School District No. 324 - School Board Director, Position No. 2

As a parent and community member, I have a vested interest in the continued success of our Griffin students and school. The success of our students and school is critical to the livelihood of our community.

I would bring broad interests and experience to our school board. My interests include a passion for high quality public education and lifelong learning, an open and collaborative approach to problem

solving, and a commitment to public service.

My experience with education comes from being raised by teachers (my parents), teaching as a faculty member for ten years at one of Washington's infamous universities, and training in the private sector.

Bottom line, I would be honored to serve you and our community as a Griffin School Board member.

North Thurston Public Schools - School Board Director, District No. 1

Born in Olympia 61 years ago, I am an old timer. As a board member my experience and intuition with kids would be a valuable asset. I will listen to the needs of our community and students. As taxpayers you have the right to know what is happening in our schools. Working at all grade levels, starting with Playground Supervisor at South Bay Elementary, then food service, Special Education, and Detention Supervisor at North Thurston High School. Expanding my involvement

with kids I was hired as a Nurse's Assistant at South Sound Alternative High School and ended my career as an Educational Assistant for Special Needs Students. Not being a politician, I will answer any honest questions with down to earth honest answers.

My hubby Jay and I have been together for forty-six years, and are proud grandparents of five. Thank you, Connie Rae.

In his 31 years in our community, Bill has worked hard for our children--as a soccer and softball coach, PTA officer, Tanglewilde Park District organizer, youth symphony board president, and North Thurston School Board member. He is seeking re-election to continue North Thurston's commitment to success for all students while addressing the dynamic growth facing the district. A recognized leader in public education, Bill has been President of the 1500 school board member

Washington State School Directors Association (WSSDA), chaired four WSSDA committees and represented the nine Pacific Region states on the Board of the National School Boards Association. A Navy veteran and an attorney, Bill has been recognized by the state bar association for community service and is a highly respected attorney in the Attorney General's Office. Bill and his wife Maxine have been married for 41 years. Their three daughters all graduated from North Thurston schools.
