

City of Lacey - City Council, Position No. 2

Four years ago when I was elected to the Lacey City Council, I promised to bring to the position competent decision-making. I have kept my promise. I continue to press for safety in our community and statistics now show that Lacey has the lowest crime rate in Thurston County. During my first term, I have worked for a safer animal ordinance, to bring an additional Medic unit to Lacey, and for a partnership with North Thurston Public Schools that brought about the

widening of Mullen Road. Lacey City has a robust economy and is free of all debt except for voter-approved bonds for parks and safety. We are embarking on a new era of well-planned growth and I am committed to moving our community forward. I have appreciated your vote of confidence in my work thus far and ask for your continued support at the upcoming election.

Tom Nelson

6106 16th Avenue SE, Lacey, Washington 98503, (360) 456-2034 dad@nelsonkids.com

My family moved to Lacey in 1984 when I was stationed at Madigan Army Medical Center while on active duty in the Army. My two children grew up in Lacey and graduated from Timberline High School. I have 39 years of work experience with 23 years in management and supervisory positions in the Army and as a Washington State employee. This work experience has given me budgeting, management, training and

leadership skills. I currently work as a pharmacist at the Lacey Wal-Mart.

My goal as a city council person would be to encourage continued growth and the public works infrastructure (roads, water, parks, etc) required to maintain the growth. In order to do this we have to work with developers, other government agencies (federal, state, county, and city), and most important, the public.

Grant Chester

City of Lacey - City Council, Position No. 3

I have had the privilege of serving on the Lacey City Council for 8 years. I am committed to our community. To protect our environment, we created an Urban Forestry Plan, invested in green utility energy, implemented water recycling and conservation measures. Economic development provides a stable and broad tax base for necessary city services including public safety through police and fire services. The Gateway Project will bring new retail and tourism funds, and the Regional Athletic Complex offers recreational opportunities. Lacey's

Farmers Market on the Green is beginning to establish itself, and I'll work to create another event to celebrate our community.

I support a regional approach to solving regional problems that exceed the city boundaries – economic development, the environment and homelessness. I will continue to work with our schools and social services that support a high quality of life.

I appreciate your vote.

City of Olympia - Mayor

We expect our Mayor to be a respected leader who honors and embraces Olympia's responsibilities as the Capitol City. It is important that we elect someone with experience, a proven record, and regional vision. During my years on the city council, I focused and delivered on core issues affecting city residents. I worked to improve roads, public safety, sustain water resources, and develop more effective city services. I bring a rational, compassionate, practical approach to city affairs.

As your Mayor, I will continue to lead and invest wisely for a vibrant downtown, develop regional approaches to growth, social service improvements, and the restoration of Puget Sound. I will create new partnerships to achieve community goals and continue to serve with the skill and professionalism we expect from our representatives. Together, we will make Olympia an even better place to call home. I ask for your vote. Thank you, Doug Mah

Olympia is a smart, creative and engaged city. We must elect individuals to our city council who are willing to work hard, to be responsive and responsible, and to build on our successes. Meta Hogan is committed to sustainable growth and community revitalization. She is passionate about transparency and citizen involvement in government. She is dedicated to making downtown a safe, fun and lively commercial and cultural district. As Mayor of Olympia, Meta will be capable of

building consensus on the council and in the community. Meta's volunteer experience in the Olympia community spans a wide range of issues, including community policing and crime prevention, downtown safety, public transportation, anti-poverty advocacy and youth issues. She is deeply committed to keeping our community a great place to live. Vote Meta for Mayor! www.metaformayor.org

City of Olympia - City Council, Position No. 2

For sixteen years, I have volunteered in my neighborhood, on the planning commission, and as an Olympia city councilmember. Through my experience, I learned how to bring people together and get things done.

As a councilmember, I stopped the conference center, won support for local parks and sidewalks, and blew the whistle on secret council meetings. I strengthened environmental protections, slowed traffic through neighborhoods, lowered rent for the senior center, and persuaded local officials to address homelessness.

Now, for a vibrant downtown, I will keep the free parking, increase police walking patrols, reduce building fees, and encourage more affordable housing. To protect our neighborhoods, I will reduce traffic, create more neighborhood parks, and protect trees and natural areas from overdevelopment. To ensure responsive government, I will keep every city meeting open, and hold regular town hall meetings where citizens speak – *and councilmembers listen*.

I'd appreciate your vote. Please visit www.MatthewGreen.org

It's time for change. It's time for a new voice. It's time for progress. Craig Ottavelli is the candidate of reason and responsibility that will bring change and positive outcomes for Olympia. As a Thurston County Planning Commissioner, small business owner, and community volunteer, Craig has demonstrated his intellect and his ability to collaboratively address difficult, contentious issues. As a new member of the Olympia city council Craig will bring decorum, civility and professionalism to

deliberations. He will address the needs of our downtown, support responsible growth management, protect and plan for water, and continue to focus on parks. To achieve these goals Craig will work cooperatively with members of our city council, with representatives from other cities, the county, the state and our community. Elect an experienced lifetime resident with the ability and integrity our council needs - vote Craig Ottavelli November 6. www.CraigForCouncil.com

Craig L. Ottavelli

City of Olympia - City Council, Position No. 3

My candidacy is about bringing the community together to solve local problems. There are goals we all share for Olympia. We want a safe and vibrant downtown, thriving businesses, great neighborhoods, and an effective city government. We also want to be good stewards of our natural environment.

I am running for city council because I can achieve results. I have lived in Olympia for eighteen years and have worked successfully through grassroots organizations to improve land use policies, preserve neighborhoods, support our schools, and provide affordable housing.

My professional experience includes planning and managing programs for seniors and people with disabilities, and helping state and local agencies set priorities.

My common sense approach involves listening, welcoming diverse points of view, identifying problems, and working hard to find long term solutions.

I want to serve as your voice on the Olympia City Council. Thank you for your support. www.jeanmariethomas.org

It's time for action. For too long, Olympia has studied, planned, and promised. While small steps were made, great leaps forward can only happen with conviction, courage, and commitment to *Action*. I will vote to eliminate barriers to redevelopment and downtown housing. I'll act to clean up Budd Inlet. I will act to ensure ample parking downtown. I'll make Boulevard Road improvements a top priority. I will act to conserve our natural resources and plan for growth - so the next generation can

be proud to call Olympia home. I'll act *Now* to build a new city hall, saving taxpayers through more effective government. I will vote to give our police and fire departments the necessary resources to serve us all. Olympia's on the move. We must act now to ensure our future.

I'm Rhenda Iris Strub, and I'm ready to make bold decisions and forge new directions for Olympia. Join me. www.rhenda.com

City of Rainier - City Council, Position No. 1

As a lifelong Washingtonian, I have lived in Rainier since 1999. After receiving a degree in Sociology from Gonzaga University, I spent ten years working with teenagers in social services and criminal rehabilitation. I then had the opportunity to travel and live in numerous states while my husband worked as a defense contractor. With the arrival of our children, we moved permanently to Rainier.

As a resident, a home owner, a mother and a taxpayer, I am invested in seeing the city of Rainier continue to grow in a positive and

thoughtful manner. I am committed to examining the city's processes and promoting fiscal responsibility. I believe in challenging the status-quo, asking hard questions and working toward sound answers that put the best interests of the city first.

I would ask for your support so that I may continue working for our community.

Thank you for your vote.

City of Rainier - City Council, Position No. 4

Rainier is a city in transition, however it is still a wonderful place to live and raise a family! We are blessed with the beauty of the Northwest and our proximity to services and recreation while still maintaining a small town atmosphere, even with our current growth.

My wife and I enjoy our rural life style, safe community and great school system.

I am asking for your support to continue serving you on the Council

for the next four years. I wish to see the planned sidewalk projects, park projects, and beautification of our city completed. In addition, after a long process new commercial growth is coming soon, and that's great news. I believe local government should provide the best possible service for the least cost and I will work to keep our taxes low and improve the efficiency of our local government. Thank you for your vote and support.

Dennis McVey | 322 Country Estates Drive W, Rainier, Washington 98576, (360) 446-3111 dgmcvay@aol.com

City of Tenino - Mayor

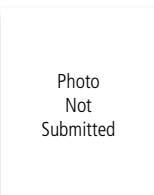

Photo Not Submitted

As Tenino's sewer project progresses it is imperative to maintain consistency and stability. Having elected officials who have been with the project since its inception ensures this stability and will make the transition from old to new easier for the city and its citizens.

It has been a pleasure serving the city of Tenino as Mayor for the last four years and I look forward to the next four with great anticipation of the progress and change that will benefit the city and all of Thurston County.

Ken Jones | PO Box 269, Tenino, Washington 98589, (360) 264-5030

City of Tenino - City Council, Position No. 2

Dawna Kelley Donohue is committed to development of social and economic opportunities for the City and the South Thurston County region. She believes in open government and public involvement in City decisions. As a member of the Thurston County HOME Consortium, she was instrumental in obtaining HOME grant funds that created a regional food bank warehouse and residential improvement program; and in forming a South Thurston County Partnership with Yelm, Rainier, Bucoda and Thurston County to coordinate mutual needs.

Dawna is a founder and supporter of the Tenino Farmers Market, now enjoying popularity and success as a community activity. Councilwoman Donohue supports a municipal sewer system to protect the City's groundwater and will work to see that it will be constructed and operated economically. She also supports protection of the City's historical assets, the quarry pool, and expansion of the park to provide a trail south of the quarry.

Dawna Kelley Donohue | PO Box 554, Tenino, Washington 98589, (360) 264-2002 dawna.kelley@gmail.com
