

City of Olympia, City Council Position No. 5

Only voters in the city limits of Olympia will vote on this position.

You deserve to be heard and treated with respect by your elected officials. I am running for Olympia City Council to restore public confidence in council decisions and ensure your voice is represented.

As an Olympia resident for 26 years, self-employed business owner, community leader, caregiver for the elderly, and mother of two teenagers, I understand the challenges facing Olympia. I will listen to your ideas on how to address these issues and use your input to make the best possible decisions for our entire community.

With your help, I will work to engage our neighborhoods in city decisions, revitalize our local economy, protect our environment and preserve our precious waterfront as a public space for all Olympians to enjoy.

I am very different from the current City Councilmembers. I have 25 years of experience creating affordable housing and helping small businesses create jobs. As a Washington State executive, I oversaw financing of hundreds of public projects and chaired the Governor's Interagency Council on Homelessness.

A 32-year resident of Olympia, I helped secure a downtown location and funding for the Farmers' Market. I volunteer with the Dispute Resolution Center and Garden Raised Bounty, and give workshops on growing food in city

neighborhoods.

As your Councilmember, I will listen and bring people together. We must involve the entire community – not just developers – in planning our city's future. I support a waterfront we all can celebrate. I will help local businesses thrive, promote housing for all income levels, and work collaboratively with Olympia residents to improve our neighborhoods.

When I ran 4 years ago, I said that I would do many things, and I've done them. You will always know where I stand. I do what I say I will do. I believe that that's what you want in an elected official.

My continued goals are: Staying on track with City business. Advocating for strong social services. Prioritizing parks and pedestrian amenities. Expanding infrastructure in downtown to accommodate smart growth, protecting rural areas and creating density.

Today we have a "let's get it done" council. Bricks and Mortar. Show me the results. We're a team that is historically unprecedented in a common vision for Olympia. We're united in an implementation strategy that is working! I believe that together we can make great things happen!

I love this work and this city. I'm Jeff Kingsbury, your candidate for re-election to position 5 on the Olympia City Council!
