Only voters in North Thurston Public Schools will vote on this position.

North Thurston Public Schools - School Board Director, District No. 2

I am seeking re-election as a North Thurston School Director. North Thurston students have steadily improved their reading and math scores on state assessments and national achievement tests. It is important that we continue this success, and ensure that innovations in curriculum and teaching continue so all students are prepared for cutting edge careers. Other initiatives that need to be continued: Assure that the community has an accessible voice in the governance of our schools; Continue to support our annual

public forums and school building learning improvement committees; and Seek broader community engagement in our schools.

I have had experience at all levels of the school system, and represented the school board as a member of the Thurston Regional Planning Council, bringing an educational perspective to countywide planning. Please give me your support to continue to serve you in this position.

North Thurston Public Schools - School Board Director, District No. 3

Only voters in North Thurston Public Schools will vote on this position.

I am honored to have served as a Board Member of the North Thurston Public Schools since 1997. For the past twelve years, we have worked diligently to increase test scores. With dedicated teachers, paraprofessionals, staff and administrators to teach our children, we have made substantial and steady progress despite severe cuts in our budget. We are getting closer to accomplishing our goals. We will continue to ensure that all of our children succeed by placing an emphasis on academic rigor, combined with a

curriculum that focuses on learning all essential skills.

As the owner of AMS LAW, with law offices in Lacey, Seattle, and Guadalajara, Mexico, I have a personal interest in making sure we provide the best public education so our students can compete on a global level. Our leaders of tomorrow depend on the best quality education we can provide today. Thank you for supporting public education.

Olympia School District No. 111 - School Board Director, District No. 2

Only voters in the Olympia School District will vote on this position.

As an Olympia School Board member, I will set high standards and expect all students to reach their full academic potential to succeed in the world. I will increase opportunities for individualized and integrated learning in math, reading, science, social studies, and writing. I will use best practices to align the curriculum from grade to grade and school to school. I will ensure that a wide variety of technical training and extracurricular activities are available to enhance learning. I will collaborate with students, parents, faculty,

administration, and the community in a professional manner to make the Olympia schools the best in the world.

Olympia School District No. 111 - School Board Director, District No. 3

Only voters in the Olympia School District will vote on this position.

I have had the privilege of serving on the Olympia School Board this past year. In addition to attending Board meetings, I have spent the year visiting schools, and getting to know staff and students. I have particularly enjoyed meeting with community members who may have never before brought a concern forward to the administration.

including, the Options Program at Lincoln, Special Education programs from toddler through high school, general education, honors and AP classes, music and drama.

I have two daughters who attend or have attended Olympia Schools. Between my two children, I have experienced nearly every program our district has to offer,

I hope to continue the great work this Board has begun with the Lighthouse Leadership Study, narrowing the focus and implementation of the Strategic Plan and continuing to place student achievement first.

Olympia School District No. 111 - School Board Director, District No. 5

Only voters in the Olympia School District will vote on this position.

Even in these tough economic times it is vital that we, the Olympia School Board and community, maintain our focus on creating an education system that provides every student a path to fulfilling his or her learning potential. We must create budgets with our Strategic Plan guiding the decision making process. We must also treat our Strategic Plan as a living document that guides us towards becoming a high performing 21st century school district.

that maximizes student learning, that we measure our results through testing and data mining, and that we make adjustments as needed to make the learning environment even more productive.

It is vital that our school district provide curriculum

I want to continue to represent our community as the Board Member in position #5 and I ask for your support.

Rainier School District No. 307 - School Board Director, District No. 5

Only voters in the Rainier School District will vote on this position.

It has been my privilege to serve the students and patrons of Rainier School District for the last six years. I believe in the power of education and remain committed to providing our students with a quality educational experience. I understand the challenges of educational reform, K-12 curriculum alignment, student and teacher assessment and the challenges we face from a budgetary perspective.

to participate in board meetings and work sessions. I will continue to listen to your concerns, encourage communication and facilitate team work. Together we can serve our students well.

I am committed to an open process encouraging students, staff, administration and community members

This district has accomplished much and there is more work to be done. We could not have done this without the support of our community and I ask you to support me in continuing to serve on the board of Rainier School District.
