

# Park and Recreation District

**Park and Recreation Districts** - State law allows for the formation of park and recreation districts as municipal corporations for the purpose of providing recreational activities of a non-profit nature as a public service to the residents of the geographical areas included within district boundaries. Park district commissions consist of a five-member nonpartisan board elected within the jurisdiction to serve staggered four-year terms. These districts may

acquire property, make contracts, establish fees, make rules governing park property, and manage and operate facilities according to RCW 36.69.130. They may also impose property taxes, establish local improvement districts, and issue revenue bonds, subject to the restrictions contained in RCW chapter 36.69.

**All Park and Recreation Positions are Nonpartisan.**

Only voters in Tanglewilde Park and Recreation District will vote on this position.

The role of a commissioner is to help manage the park and pool for the residents of Tanglewilde. The commissioners work with the TRC board to maintain the facilities and plan for the future. One goal is the planning and construction of a community center. The community center is part of the original plan for Tanglewilde. Let's work together to make this happen. Thank you for supporting Tanglewilde.

I, Patrick Williams seek to serve as Tanglewilde Parks Commissioner to act as advocate for the residents of Tanglewilde and to maintain the integrity, identity and unique character of a longstanding community in Thurston County. I plan to accomplish this service through open and accessible contact with the residents. I believe in community versus county control and will guard the interests of Tanglewilde Parks first. I believe in change only when prudent and in the best interests and expressed will of the residents.
