Appendix A - Environmental Health Fee Schedule

Effective: January 1, 2015
The fees contained in this fee schedule shall be automatically adjusted each January 1 by the percentage increase, if any, in the April Consumer Price Index for the previous year. The maximum increase shall be 3.5%. "Consumer Price Index" for the purposes of this section shall mean the Urban Wage Earners and Clerical Workers Index for the Seattle-Tacoma-Bremerton area. For fees greater than $70, adjustments based on the Consumer Price Index shall be rounded to the nearest $5. An alternative calculation for automatically adjusting the charges may be adopted by further action of the Thurston County Board of Health.

Fees include Thurston County Public Health and Social Services costs only. In cases where additional technical assistance is needed, costs for outside consulting services will be billed to the project in addition to the listed fee.
