Thurston County Environmental Health is offering our Certified Food Manager Course twice this year. The course is an opportunity for Certified Managers to renew their cards. This is also an opportunity for those who would like to join the program to do so. However, a current **ServSafe** Certificate is required.

The course will last four hours and will cover emerging issues and regulation changes. We will also cover the process for participating in Thurston County's Certified Manager Program. The cost for the course is \$35.00 and upon completion you will receive a 5 year Washington State Food & Beverage Service Worker's card as well as a Thurston County Certified Food Manager Card. Please bring your expired CFM card or your **ServSafe** certificate, the \$35.00 fee, and identification with you. The course is held in the Public Health building located at 412 Lilly Road NE, Olympia, WA 98506.
