

# Certified Monitoring Specialist Study Packet

## Table of Contents

1. Video: [Understanding & Maintaining Your Onsite Sewage Treatment & Disposal System](#)
2. [Certified Monitoring Specialist Application Form](#) [PDF]
3. [Performance Expectations](#) [PDF]
4. [General Onsite Procedures](#) [PDF]
5. [Glossary of Sewage Related Terms](#) [PDF]
6. [Major Microbial Diseases in Domestic Wastewater](#) [PDF]
7. [Thurston County Septic Tank Pumper's Manual](#) [PDF]
8. [Thurston County Onsite Wastewater System Construction Manual](#) [PDF]
9. [Technical Paper: Diagnostic Techniques Utilized in the Analysis of Failed Systems for Residential Waste](#) [PDF]
10. Brochure: [Inspecting Your Septic Tank](#) [PDF]
11. Brochure: [Understanding and Caring for Your Pressure Distribution System](#) [PDF]
12. [Article IV, Thurston County Sanitary Code](#) [PDF]
13. [Memo and Policy for Implementation of DOH/TRC Sand Filter Guidelines](#) [PDF]
14. [Contract Requirements for Third Party Maintenance Policy](#) [PDF]
15. [Policy Requiring Service Contracts With Certified Monitoring Specialists](#) [PDF]
16. [Washington State Onsite Sewage Regulations](#) – WAC
17. [Approved Onsite Products](#) - WSDOH
18. [Property Owners/Property Manager Publications](#) – WSDOH
19. [Design Standards for Large Onsite Sewage Systems](#) - WSDOH
20. [Recommended Standards & Guidance](#) for Documents Listed Below - WSDOH
  - Aerobic Treatment Units (Proprietary Treatment Products)
  - Alternating Drainfields
  - Dosing Gravity Drainfield Systems
  - Glendon<sup>®</sup> BioFilters
  - Gravelless Drainfields
  - Holding Tank Sewage Systems
  - Intermittent Sand Filter Systems
  - Mound Systems
  - Pressure Distribution
  - Proprietary Packed Bed Filter Systems
  - Proprietary Treatment Products – replaces Aerobic Treatment Units, Proprietary Packed Bed Filters, and Upflow Media Filters
  - Recirculating Gravel Filters
  - Sand Lined Trench Systems
  - Stratified Sand Filters
  - Subsurface Drip Systems
  - Water Conserving Onsite Wastewater Treatment Systems
