

## Who should see a dentist?

Adults and children over the age of one can benefit greatly from regular visits to the dentist. Children especially need to see a dentist for fluoride treatments to make sure that their teeth get a healthy start.

### Referrals

CHILDREN AGES 0-5

ABCD Program  
(360) 709-3070

ABCD is a program that provides Medicaid eligible children ages 0-5 access to dental care. Children receive dental exams, fluoride varnishes & treatment as needed.

### DISABLED UNDER 65

Washington State Dental Society  
(206) 448-1914
