This brochure was developed in part by the Thurston Mason RSN Consumer Council

Also available in Spanish
Thurston Mason RSN is a county program responsible for the administration of publicly-funded mental health services for Thurston and Mason Counties. Thurston Mason RSN contracts for outpatient, crisis, residential, and inpatient services through licensed mental health agencies, who are a part of our Provider Network. The primary focus of these publicly-funded services is to serve Title 19 (TXIX) Medicaid eligible adults who have chronic and persistent mental illness, and children/youth with severe emotional disturbances. Individuals without Medicaid may receive acute care and crisis services based on the availability of funding, which is monitored by the Thurston Mason RSN. The services provided are a vital part of maintaining the community’s overall health, safety, and quality of life.

**OUR MISSION**
Thurston Mason Regional Support Network is dedicated to providing mental health services to persons with severe and persistent mental illness to support recovery and to ensure tenure in our community.

**ADVISORY BOARD**
Thurston Mason RSN Advisory Board Meetings are open to the public. To attend an Advisory Board meeting, or to apply to be a board member, please call Thurston Mason RSN Customer Service for more information.

**SERVICES NOT COVERED**

The Thurston Mason RSN is always striving towards increasing the quality of services for you! As an individual in the community or a client involved in the mental health system, you have the power to be a part of the improvement process and decision making. Share your ideas and help improve the delivery of services for you and others in the community. If you are interested in getting more involved in assisting with program development and/or activities, or being a part of our Client Council, please contact Thurston Mason RSN Customer Service, the Ombuds, or the Quality Review Team. Contact information is located on the Resource page.
