

NEW LOOK FOR PERMIT APPLICATIONS

Our Permit applications have been improved!

Beginning **February 2, 2009**, new and improved application packets will be available on-line or at the Permit Assistance Center. You can link to all new applications, and application guidelines at the following web address: <http://www.co.thurston.wa.us/permitting/Index.htm>

Here is what is new:

- Each application submitted must include a [Master Application](#). All information common to any permit application is part of the Master Application.
- Project specific [Supplemental Applications](#) will accompany the Master Application.
- Application guidelines have been developed to assist applicants with the application process.

Still have questions?

Contact the Permit Assistance Center @ 360-786-5490 and choose "0" to speak with a Permit Assistance Center technician.
