MEMORANDUM

TO: Sharon Rice, Hearing Examiner

FROM: Mike Kain, Planning Manager

DATE: March 21, 2011

SUBJECT: 201001170 SUP Amendment, Maytown Sand & Gravel 2011 Groundwater and Surface Water Monitoring Plan Revision

Pursuant to the Examiner's Post Hearing Order of March 10, 2011, this memorandum will satisfy item 3 of the Order.

The 2011 Maytown Sand and Gravel Groundwater and Surface Water Monitoring Plan, dated January 18, 2011 and revised on March 17, 2011, does satisfy the County's hydrogeological requirements. The Plan was revised with input from the County Hydrogeologist. The County Hydrogeologist is in agreement with the Plan as revised. Additionally, the revised Plan does not effect the County's recommendation for SUP amendment approval and does not effect the January 19, 2011 MDNS issued for the amendment proposal.

In summary, with the revised Plan, the MDNS and the recommendation for SUP amendment approval remain in effect and unchanged.
