These instructions were originally created for the Shoreline Master Program, however, they will work equally well for the Critical Areas Ordinance Maps.

1. **Open a map in Adobe Reader**

![Map Image](image1.png)

2. **Zoom to the area of interest**

![Another Map Image](image2.png)

3. **Then click the Print button**
4. On the print menu under Print Range, change the radio button from “All” to “Current View”
