Thurston County makes every effort to ensure that this map is a true and accurate representation of the land use in the county. However, it is not intended for legal purposes. It is recommended to consult the official records for legal decisions.

Environmental issues will need to be addressed as properties are developed. Village Centers are also referred to as "Village (Urban) Centers." These centers require the inclusion of park space, pedestrian access, and other features to support the neighborhood.

Under no circumstances, including, but not limited to, negligence, shall Thurston County be liable for any direct, indirect, incidental, special or consequential damages that may result from the use of this map.

Environmental and other constraints. Environmental issues will need to be addressed as properties are developed. Village Centers are also referred to as "Village (Urban) Centers." These centers require the inclusion of park space, pedestrian access, and other features to support the neighborhood.

The Olympia Urban Growth Boundary and the Lacey Urban Growth Boundary have been established to contain development and to regulate the type and intensity of development in these areas. Village Centers are also referred to as "Village (Urban) Centers." These centers require the inclusion of park space, pedestrian access, and other features to support the neighborhood.

In addition, there are restrictions on the types of property that can be developed in these areas. These restrictions are to protect the environment, preserve open space, and ensure the long-term viability of the community.

The map shows the current land use and future development plans for the area. It is important to consult the official records for legal decisions.

Thurston County makes every effort to ensure that this map is a true and accurate representation of the land use in the county. However, it is not intended for legal purposes. It is recommended to consult the official records for legal decisions.
