Summary of Impact Fees

Impact fees are assessed and collected by North Thurston School District #3 and Tenino School District #402. Impact fees are used to fund new developments share of improvements to Parks, Transportation and Schools, that are necessary due the increase in residences, students and traffic application is submitted to the Thurston County Permit Assistance staff for the most current fees. Impact Fees will be collected at the time the Building Permit is issued. Impact fees may have State Environmental Policy Act mitigation fees. Development applicants may calculate the potential impact fee summing the transportation, school and parks fee impact per development unit.
