

Girl Scout Patches

Thurston County Solid Waste can help Girl Scouts earn patches. Our staff can visit your group with fun presentations and activities. We also offer our own Reduce Reuse Recycle (RRR) patch. Learn how our RRR patch  and presentations and activities  can help your group earn points toward the badges and pins listed below.

Junior Girl Scout Patches

Consumer Power

5. Your Dollars

Name three techniques that they use to get your attention. 

6. Your Parent's Dollars

Name three techniques that they use to try to get an adult's attention. 

7. Tie-Ins

Pick your favorite singer, movie, athlete, etc and use them to sell products that you make up. 

Communication

7. Brand Images

Create your own poster, sign, or package that uses what you've discovered. 

Eco-Action

1. Green Team

Create an eco-action pledge and decide on two Earth-friendly things to do over two weeks. One can be produce less garbage. 

6. Trashy Art

Make a work of art by using some of the stuff you would ordinarily throw away. 

8. Clean and Healthy

Improve the environment in your community by doing an earth friendly service project such as adopting a park to pick up litter. 

Please note: This sheet only lists the requirements that Solid Waste can assist you with. Please consult your manual for a full list of patch requirements.

Outdoor Fun

6. Protect the Environment

Know how to dispose of garbage without damaging the environment.

“Collecting” Hobbies

8. Collecting for the Community

Collect clothes and donate them to a charity, or keep your local park clean by collecting trash.

Discovering Technology

6. Learn about maintaining a bike

8. Recycling Technology

Where do garbage and recycled products go? How do you get rid of obsolete machinery?

“Making” Hobbies

5. Make a Recycled Craft

Try making craft items from things you normally throw away.

Toymaker

10. Trash It!

Let your imagination run wild and see what kind of trash toy you can create.

Water Wonders

8. Fixing it Up

Help with a project to improve a water-related habitat. Such as a shoreline clean-up.

10. Water Comparisons

Conduct a water taste test with others.
