

# Got Leftover Paint ?

Donate it or Dispose Properly

## Oil-based Paint

Bring it to HazoHouse

(See reverse for location)

## Latex Paint

HazoHouse doesn't accept latex from residential customers.

Dry  
it  
out

Clay-based Cat Litter

Shredded Paper

Grass Clippings  
(dry before using)

Sawdust

1. Choose one of the above materials.\*
2. Add enough to thicken the paint to a non-pourable, oatmeal-like consistency.
3. Leave the lid off the can and put it in with your garbage.

\* Commercial paint drying products are also effective.

For information on healthy indoor painting go to  
[www.co.thurston.wa.us/health/ehhm/paint.html](http://www.co.thurston.wa.us/health/ehhm/paint.html)
