

2009 MONITOR LIST
Washington State Noxious Weed Control Board
(January 2009)

Common Name	Scientific Name	Sponsor
Bladderwort, swollen	<i>Utricularia inflata</i>	Jenifer Parsons
Blooddrops	<i>Adonis annua</i>	Nelle Murray
Bursage, skeletonleaf	<i>Ambrosia tomentosa</i>	No one assigned
Catchfly, Balkan	<i>Silene csereii</i>	Sharon Sorby
Cattail, lesser	<i>Typha angustifolia</i>	Jenifer Parsons
Celandine, lesser	<i>Ficaria verna</i>	Laurel Baldwin
Cherry laurel	<i>Prunus laurocerasus</i>	Seattle Urban Nature
Cinquefoil, silvery	<i>Potentilla argentea</i>	D. Gaiser
Clematis, Chinese	<i>Clematis orientalis</i>	Dick Jacobsen
Crosswort, narrowleaved	<i>Crucianella angustifolia</i>	No one assigned
English holly	<i>Ilex aquifolium</i>	Seattle Urban Nature
European mountain ash	<i>Sorbus aucuparia</i>	Seattle Urban Nature
Fieldcress, creeping	<i>Rorippa sylvestris</i>	P. Stevenson
Flowering Rush	<i>Butomus umbellatus</i>	Laurel Baldwin
Frogs-bit, Eurasian	<i>Hydrocharis morsus-ranae</i>	Alison Halpern
Giant Reed	<i>Arundo donax</i>	Steven Link
Inula	<i>Inula helenium</i>	Sue Winterowd
Knapweed, featherhead	<i>Centaurea tricocephala</i>	Dick Jacobson
Mallow, venice	<i>Hibiscus trionum</i>	Bridget Simon
Pampas grass	<i>Cortaderia spp.</i>	Rick Johnson
Sedge, lovegrass	<i>Cyperus eragrostis</i>	Jim Comrada
Teasel, common	<i>Dipsacus fullonum</i>	Bill Rogers
Thistle, distaff	<i>Carthamus lanatus</i>	Bill Wamsley
Unicorn-plant	<i>Proboscidea louisianica</i>	Sharon Sorby
Verbena, tall	<i>Verbena bonariensis</i>	Sarah Reichard
Vine, silverlace	<i>Polygonum albertii</i>	King county
Watercress	<i>Rorippa nasturtium-aquaticum</i>	Cathy Lucero
Waterhyacinth	<i>Eichhornia crassipes</i>	Kathy Hamel

Purpose: The purpose of the “monitor list” is to gather more information on suspect weeds, as well as monitor for occurrence or spread. Information collected may be used to justify future inclusion on the state noxious weed list. There is no legal or regulatory aspect to this list (WAC 16-750-025).

Reasons for inclusion:

1. Reason to believe this species is invasive or poses a potential threat to Washington. Exists in an adjacent state or province or occurs on an adjacent state or province’s noxious weed list and is not known from Washington.
2. Additional information is needed on distribution, abundance or biology. Need to verify existence (site investigation), verify identification and/or obtain voucher specimen
3. Species was once present in Washington and on the State Noxious Weed List. Now being monitored for reoccurrence.
4. Native species of Washington will not be included on the monitor list. Each weed on the monitor list will be included by vote of the noxious weed committee and will require a sponsor for monitoring. For more information on these species, please contact the sponsor or the State Weed Board 360.902.2082.
