**Justice Involvement Table for Calendar Year 2013 – Thurston County Treatment Sales Tax (TST)**

January 1, 2013 through December 31, 2013

TST-funded services have varying capacity to monitor justice involvement of participants. Services whose participants are only eligible because they are currently involved in the justice system have access to arrest data. Treatment services may not have access to or permission to obtain arrest records for participants. Expanding options to collect pre-service, in-service and post-service (recidivism) justice involvement data is ongoing.
