

ACRONYMS

303(d)	List of impaired water bodies specified in the Clean Water Act, Section 303(d)
ADT	Average daily traffic
CWA	Clean Water Act
Basin	1,000 to 10,000 sq miles
Catchment	0.05 to 0.5 sq miles
B-IBI	Benthic – Index of Biological Integrity
BMP	Best Management Practice
CAO	Critical Areas Ordinance
DAU	Drainage Analysis Unit
DBH	Diameter breast height
DEM	Digital Elevation Model
EDT	Ecosystem Diagnosis and Treatment
EIA	Effective Impervious Area
EMC	Event mean concentration
EPA	Environmental Protection Agency
ESA	Endangered Species Act
ESB	Engrossed Senate Bill
FEMA	Federal Emergency Management Agency
GeoData	Thurston County’s GeoData Center
GIS	Geographical Information System
GLO	General Land Office
GMA	Growth Management Act
HSPF	Hydrological Simulation Program—Fortran

LID	Low Impact Development
LAMIRD	Limited Areas of More Intensive Development
LiDAR	Light Detecting and Ranging
LWD	Large Woody Debris
NEPA	National Environmental Policy Act
NPDES	National Pollutant Discharge Elimination System Permit
PAH	Polynuclear aromatic hydrocarbons
PHS	Priority Habitats and Species
SEPA	State Environmental Policy Act
SMP	Shoreline Management Plan
SRFB	Salmon Recovery Funding Board
SSHIAP	Salmon and Steelhead Habitat Inventory and Assessment Program
Sub-basin	100 to 1,000 sq miles
Sub-watershed	0.5 to 30 sq miles
TIA	Total Impervious Area
TMDL	Total Maximum Daily Load
TSS	Total Suspended Solids
TRPC	Thurston County Regional Planning
UGA	Urban Growth Boundary
UIC	Underground Injection Control
USDA	US Department of Agriculture
USGS	US Geological Survey
WAC	Washington Administrative Code
WADNR	Washington Department of Natural Resources
