To the voters of the City of Tumwater, thank you for your support and trust in me in my service as an elected city councilmember.
With your support let's continue to work together; as we envision plans for the Brewery property, continue our efforts to rebuild our streets and sidewalks and continue our work to bring the last salmon hatchery in the lower 48 states, through our collaboration with the city of Tumwater, the Squaxin island tribe and US/Washington state fish and wildlife.

Further, we need to attract business to bring more jobs to our community. Lastly we need to continue our partnership with our schools to meet the basic needs of our homeless children.
It has been an honor to serve you and with your support we can do these things and more.
