

Send em' Packing!

Keep germs from Attacking

Why Wash?

- Hands are the most exposed part of the body to germs.
- Touching the eyes, mouth, nose or food transfers the germs into the body.

Hand washing gets results!

- A study of 305 Detroit students who washed four times a day showed that people had 24% fewer colds and 51% less stomach upset.

Raise your hands...

- Nationally it is reported that 97% of females and 92% of males **SAY** they wash their hands
- Only 75% of females and 58% of males actually do!
