## FIRE CODE CONSTRUCTION/OPERATION PERMIT APPLICATION

### 6. Site Plan Submittal Requirement Checklist – Incomplete site plans will not be accepted

- Site plan shall be legible and drawn to a standard engineer scale (example: 1" = 30' or 1" = 100') on 11 X 17 or smaller sheet.
- Site plan shall be prepared in black ink. Colored site plans or aerial photographs are not accepted.
- All applicable items noted below shall be addressed on the site plan.
- Use two site plans for large parcels that do not fit on an 11 X 17 sheet. One overall site plan showing the entire property and one detail of the area to be developed.

Applicant		Staff
<input type="checkbox"/>	All property boundaries and dimensions	<input type="checkbox"/>
<input type="checkbox"/>	North arrow, site address, tax parcel number and map scale used	<input type="checkbox"/>
<input type="checkbox"/>	Size of property	<input type="checkbox"/>
<input type="checkbox"/>	Footprint of all existing and proposed structures (identify structure type and structure the work operation/construction will occur in).  If decommissioning an oil tank, identify the location of the tank and note if the tank is to be removed or abandoned.	<input type="checkbox"/>
<input type="checkbox"/>	For LPG, fireworks, tents, and operations that occur outside a structure, show the setback distance from the operation to the nearest structures and from property boundaries.	
<input type="checkbox"/>	Show existing and proposed parking areas	
<input type="checkbox"/>	Identify gravel and vegetative surfaces	
<input type="checkbox"/>	Existing and proposed driveway locations and easements	<input type="checkbox"/>
<input type="checkbox"/>	Location of all existing and proposed utilities such as septic tanks, drainfields, drainfield reserve areas, sewer lines, water lines, wells, and springs.	<input type="checkbox"/>
<input type="checkbox"/>	All known or delineated critical areas and buffers (example: wetlands, streams, steep slopes, flood plain, high groundwater)	<input type="checkbox"/>
<input type="checkbox"/>	Topographic information for entire property. Contour information may be provided on a separate sheet. Information may be obtained from Thurston County Geodata Mapping based on available County 2 foot contour maps. A note shall be made on the site plan if the parcel is flat.	<input type="checkbox"/>
<input type="checkbox"/>	Areas to be cleared, graded, filled, excavated or otherwise disturbed	<input type="checkbox"/>
