Dear Counsel:

By e-mail sent November 3, 2011 I advised you of certain of my memberships and asked if any had objections to my sitting as Hearing Examiner on the request by Taylor Shellfish Company for a substantial development permit to operate a floating mussel aquaculture facility. By e-mail from Mr. Plauche sent November 27, 2011 to me and copied to those listed above, Taylor Shellfish Company stated that it has no objection. No objections from either Mr. Mann or Mr. Fancher were received. Therefore, I'll plan on hearing this case and will make the appropriate disclosures at the start of the hearing.

Thank you.

Tom Bjorgen
Thurston County Hearing Examiner
