

Thurston County Voluntary Stewardship Program

Appendix A – Bibliography

The following documents represent a partial list of existing information, data, and best available science. This list is not meant to be exhaustive and may be added to in the future. This document is intended to provide an index of the existing information and data that was reviewed and utilized by the Voluntary Stewardship Program (VSP) workgroup and/or staff in their development of the VSP work plan and supporting documents. Staff have attempted to list documents in each category in which they hold relevance.

Table of Contents

Thurston County Voluntary Stewardship Program.....	1
Bibliography	1
Thurston County Overview	2
Background on Farmland and Critical Areas Protection	2
Critical Area Functions Agricultural Activities Impacts	4
Conservation Practices.....	6
Chehalis Watershed Baseline Conditions	8
Deschutes Watershed Baseline Conditions	10
Nisqually Watershed Baseline Conditions	11
Kennedy-Goldsborough Watershed Baseline Conditions.....	14
Implementation	17
Conservation Planning	17
Stewardship Plans	17
