

Girl Scout Patches

Thurston County Solid Waste can help Girl Scouts earn patches. Our staff can visit your group with fun presentations and activities. We also offer our own Reduce Reuse Recycle (RRR) patch. Learn how our RRR patch  and presentations and activities  can help your group earn points toward the badges and pins listed below.

Interest Projects, 11-17

Dollars and Sense

Service Projects

3. Arrange a clothing drive for disadvantaged individuals and distribute items you collect. 

Home Improvement

Technology

4. Put together a tool kit for basic home repair. 

Build a Better Future

Skill Builders

5. Select one item that is recyclable, such as paper, plastic, glass, or metal and find out how it is converted into a new product. 

Eco-Action

Skill Builders

2. Choose an environmental issue (such as plastic bag use). Gather information and share. 

Technology

5. Find out about one recycled resource and how it is recycled. 

Please note: This sheet only lists the requirements that Solid Waste can assist you with. Please consult your manual for a full list of patch requirements.

Do You Get the Message?

Skill Builders

2. Develop your debating skills. Form teams and debate a topic such as banning plastic bags within your community. 

Technology

2. Develop an advertising campaign targeted for a specific group of people. 

Collecting

Service Projects

2. Take an inventory of your clothes, magazines, games, toys, etc. and arrange to give some of them away. 

Fashion Design

Service Projects

1. Donate clothing that you've added decorative touches to, to a community clothes drive. 

Paper Works

Skill Builders

1. Make your own paper.  

Visual Arts

Service Projects

Use recyclable materials to create a sculpture. 

Rolling Along

Technology

3. Learn how to maintain, repair, and upgrade your skates, board or bike. 

Service Projects

2. Run a clinic to teach bike or skate repairs and maintenance.
