

2018 RECYCLE CALENDAR

Recycle collection days for residential customers

Your recycle days at a glance

This flyer lists recycling pickup dates and information for 2018. Keep the collection schedule on the back page handy for future reference. You can also download this flyer at ThurstonSolidWaste.org.

Cart placement

Put your cart out by 6 a.m. on pickup days. Place your cart at the curb or within 3 feet from the road, with the opening of the cart facing the street or alley. Your cart should be at least 3 feet away from basketball hoops, trees, mailboxes, or other containers. Place the cart 5 feet away from vehicles. Allow 18 feet of space above the cart to make room for the truck's robotic arm.

Recycle right

Recycling is a great way to reduce trash disposal costs, conserve resources, and cut down on the amount of waste going to the landfill. Do YOUR part and recycle the right way – it's easy!

- Clean (quick rinse) containers.
- Put glass in a separate container.
- Keep items loose in the cart - not in bags.
- Remember - plastic bags DON'T go in your curbside recycle cart. Recycle them in the special bins at grocery stores.
- Not sure which items go in your recycle cart? Find a full list of accepted items at ThurstonSolidWaste.org.

Still not sure? The rule of thumb is "when in doubt, leave it out." If you have questions about what is recyclable, contact LeMay or call Thurston County's Solid Waste Hotline at (360) 867-2491.

Recycle glass correctly

Put glass bottles and jars in a separate, rigid container between 5 and 20 gallons in size. Remember to drill enough drain holes in the bottom – if rainwater collects in your container, the driver cannot take your glass. Glass is collected every other recycle day and you can set out more than one container.
